

Think Tank

RULES

1

You need a name, everyone submit a name and then vote on it!

2

Decide on time limits. Maybe 10 minutes for brainstorming and 10 minutes for deciding on solutions.

4

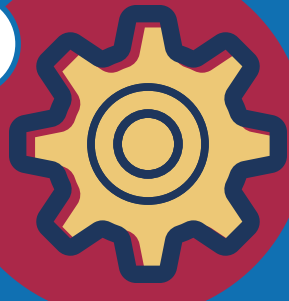

Everyone gives input. Go around the group in roundtable style and everyone has something to say.

3

1

Only one problem each meeting. Sometimes other problems surface when trying to solve those, write them down for upcoming meetings.

5

Agree on a solution or multiple solutions. If you determine there are multiple solutions, rank them in order of how you plan to implement them.

6

All ideas are valid and good ideas. Consider everything with kindness and openness.

7

Plan your topic for the next meeting before adjourning.
